Disputes and Appeals Policy

Summary

The Appeals Policy has been established to provide parents and centre personnel with a forum to reach workable solutions to problems when they arise.

Policy

In case of a dispute, the parent must follow the procedures set forth below.

Procedures:

- In case of a dispute, the parent makes an appointment to see the teacher to obtain the teacher's input with a view to arriving at satisfactory understanding or agreement.
- If this cannot be achieved between the parent and teacher, the parent is free to make an appointment with the principal.
- In case that there still is not an agreement, the parent may seek an appointment with the Executive Director of the governing body, the MLE Training and Research Society. They may at this point request a hearing by the Board of Directors of the Society.

The Board of Directors of the Society shall be the final authority in cases of dispute.
